Auto Glass Protection & Restoration

About Unelko Corporation

As a global leader in Advanced Hydrophobic Glass Coating & Maintenance Products, we are dedicated to preserving, enhancing, and simplifying the maintenance of glass and other surfaces across residential, commercial, automotive, solar, and marine industries. Our mission is to make surfaces cleaner, clearer, and easier to maintain—for the long haul.

In 1972, Unelko Corporation pioneered the Original Rain-X® Glass Treatment and has since introduced innovative methods for surface protection. Now, their product line includes environmentally friendly solutions for Commercial Glass, Cleaning, and Retail markets, effectively cleaning and protecting against soaps, soil, minerals, scratches, pitting, etching and other contaminants for long-term preservation. **Unelko is recognized for its technological innovation to drive customer satisfaction with its time-and labor-saving products. The Invisible Shield Coatings are recognized for their simpler streamline coating application, superior glass performance, and superior easy clean results compared to competing products.**

Commercial Glass Cleaners & Coatings

Invisible Shield is Demonstrable!

Invisible Shield® PRO 15 Architectural Grade, Nanoscale Glass Coating

The Invisible Shield PRO 15 Glass Coating protects glass, porcelain, and ceramic surfaces with a durable finish that repels water, soil, and stains, reducing re-soiling and cleaning. It increases scratch resistance by up to 93% and can be applied in the factory or field to surfaces like shower glass, windows, and facades. This coating defends against dirt, grime, fingerprints, water spots, and stains, saving time and effort in cleaning. It provides up to 15 years of protection & stain-preservation for surfaces such as shower doors, windows, and facades making it a cost-effective solution for maintaining cleaner glass surfaces. It is being specified by building owners & architects under [SECTION 08 8723.10 – PROTECTIVE GLASS COATINGS] as an easy-clean, (greener alternative) hydrophobic ceramic coating. Available in 946mL, 5 gallon, and 55 gallons - Protects 1,000+ sq ft. per Liter (or 100 sq meter) | #54215

Invisible Shield® Glass & Surface Coating

Unelko's Invisible Shield standard glass and surface coating is a long-lasting nano-scale coating tried & proven over 40 years. This "invisible" barrier seals, polishes, and protects various materials such as glass, porcelain, and ceramics, including shower doors and enclosures, sinks and bathtubs, and tile walls and counters. Its durable water, soil, and stain-repellent coating makes future cleanings easier and significantly reduces the adhesion of hard water minerals, soap scum, rust, and limescale for effortless removal and improved glass clarity.

Available in 946mL, 5 gallon, and 55 gallons - Protects more than 1,000 sq ft. per Liter (or 100 sq meter) | #54192

Repel® Glass & Surface Cleaner/Repellent

Repel is a 1 step dual action cleaning and coating technology. This patented formula effectively cleans and protects all hard surfaces (without leaving any residue) to resist future water & soil. It's a low surfactant/ VOC free composition that keeps glass, porcelain, ceramic, stainless steel, chrome, granite, marble, aluminum, laminates and plastics cleaner for longer with reduced maintenance. It's been Touted "The Best Shower Door Cleaner/Maintainer by The Pros".

Available in 32oz (946mL), 5 gallon, and 55 gallons | #77702

Invisible Shield® Precleaner & Restorer (Concentrate)

Invisible Shield Precleaner/Restorer effectively removes soil, stains, and mineral deposits from glass, making it ideal for windows, facades, partitions, skylights, glass ceilings, and shower doors. This acid-based liquid pre-cleaner and restorer is also versatile, and suitable for use on a variety of surfaces such as porcelain, ceramics, stainless steel, aluminum, laminates, and plastics. It cuts through tough stains and build-up to prepare surfaces for the Invisible Shield® Glass Coatings. Only available in concentrate: 3:1 or 4:1 dilution.

Available in 1 gallon | #40935

Glass Scrub® Water Spot & Stain Remover w/ Cerium Oxide

Glass Scrub is a ready-to-use mildly abrasive multi-surface cleanser designed to remove tough, baked-on dirt, grime, minerals, stains, and contaminants. It cleans & renews badly stained glass and other surfaces to a "like new" appearance. Used with water, Glass Scrub is safe on all glass, porcelain, ceramics, stainless steel, aluminum, stone, and other metals. Improved with Cerium Oxide. Tried & Proven for 40 years!

Available in 16oz (500mL) | #29992

“We compared the abrasion resistance and efficacy of all available glass coatings that were of substance on the market for interior & exterior glass. By far Invisible Shield has the best quality-performance and value. It’s the easiest and fastest application...and simply put, is the best coating in the world!”

Dominic Bazinet, VP of Siozen

Clean-X® Limescale & Stain Remover

Clean-X Limescale Remover is an amazing environmentally-friendly solution that eliminates limescale, calcium, hard water minerals, soap scum and body oils from all surfaces in your kitchen and bathroom. This all-purpose cleaner is perfect for glass, fiberglass, plexiglass, ceramic, stainless steel, brass, chrome, porcelain and cultured marble, making your showers, bathtubs, sinks, and wall & counter tile sparkling clean. It effortlessly dissolves soap scum, water spots, and other dirt without the hassle of scraping and scrubbing.

Available in 32oz | #40874

Sani-Shield® Cleaner, Deodorizer & Microbe Resistant Coating

A one-step, multi-purpose cleaner, deodorizer and protectant that keeps surfaces sanitary & looking new. Cleans organic soil & grime with the oxidizing power of hydrogen peroxide, designed for hard non-porous surfaces. It not only cleans and deodorizes, but also creates a microbe-resistant coating that prevents soiling and repels water, soil, and stains. Sani-Shield provides microbiostatic properties that inhibit the growth of odor-causing bacteria, mold, and mildew, which causes staining & deterioration on the coating. Ideal for healthcare and hospitality industries to clean more efficiently. Available in RTU and concentrated gallon sizes, this product can be easily diluted for maximum value.

Available in 32oz (946mL) | #40003

Repel® Glass Wash “Dual-Action” Concentrate

Cleans windows/facades, partitions, balconies, and other glass and simultaneously provides a protective coating that resists water, soil, stains & minerals to keep windows and other glass cleaner longer. Can be used with Pure Water window cleaning machines to keep windows/facades, store fronts and other glass sparkling clean without streaking or soapy residue. Repel Glass Wash leaves glass perfectly clean & smooth to resist staining, and other buildup for easier next time cleaning. Simply add a few ounces of concentrate to a gallon of water in a separate bucket and mix for an easy-to-use glass and squeegee clean solution!

Available in 720mL

Sani-Scrub® Dual Action Glass Cleanser/Protectant

This light-abrasive cream cleanser removes tough stains from glass, porcelain, ceramic, stainless steel, granite and acrylic. It simultaneously shields with a microbe-resistant coating to inhibit the growth of odor causing bacteria, mold and mildew stains that cause staining & discoloration on the invisible coating. It prevents buildup of soil & grime for easier next time cleaning. Especially great on tile, toilets, grout, ceramic tile, glass & more. Promotes freshness!

Available in 16oz (500mL) | #61152

Invisible Shield® Glass & Shower Cleaning & Protection Kit

This comprehensive kit provides all you need to clean, protect, and restore glass showers, windows, porcelain tiles, and more. It helps users avoid costly professional stain removal and shower restoration. Featuring top Unelko products, the kit includes the tried & proven Invisible Shield Coating, Limescale Remover, and a dual-action cleaner/maintainer for effortless upkeep. Ideal for testing some of the most effective problem-solving solutions.

Available in 3, 16 fl oz; 48 fl oz. Protects 1000 sq ft of glass & tile. | #72004

Solar & Automotive Glass Protection

Glass Shield® Protective Coating & Windshield Treatment

Glass Shield is a cutting-edge liquid formula that repels rain, frost, snow, ice, salt, bugs, and grime while increasing scratch and chip resistance by over 90%. Clarity is essential for safe driving, and Glass Shield improves driving visibility in all types of weather. It is also highly trusted by the top windshield and glass manufacturers. Developed by the creator of the original Rain-X®, Glass Shield is the ultimate coating and repellent for auto glass, guaranteed. Suitable for use on exterior automotive windshields, side and rear windows, mirrors, and lights. One application lasts up to a full year. Guaranteed to outperform other hydrophobic coatings. Last 2X Longer!

Available in 300mL | #60056

Repel Auto Glass® Cleaner and Protectant

Repel cleans and maintains auto glass with no streaks or smudges, providing a protective barrier & sheen that lasts through multiple cleanings. Suitable for both interior and exterior surfaces including windshields, windows, mirrors, dashboards, leather, vinyl, car wraps, headlights, alloy wheels, and more. This water-based cleaner keeps surfaces cleaner longer without harsh chemicals. For best results, avoid direct sunlight and use a clean terry cloth or microfiber towel.

Available in 946mL | #30103

Solar Shield® Protective Coating

Solar Shield is a nano-scale transparent polymer coating, that provides long-lasting protection for glass solar panels. It effectively prevents soil, grime, pollution, acid rain, and other contaminants from adhering, ensuring the optimum efficiency of your panels. Rain alone is not sufficient to keep solar panels clean and prevent soiling or etching. Dirty solar panels can decrease performance by 10% or more. Solar Shield also accelerates the burn off of snow & ice faster. One application can effectively last anywhere between 1-3 years before it needs to be rejuvenated.

Available in 946mL | #28322

Repel® Ceramic (High-Foam) Concentrate Car Wash

Effectively removes soil, spots, and stains while delivering a high-gloss, repellent finish. This advanced hydrophobic ceramic formula lasts for over 50 washes and is safe for use on all exterior vehicle glass, paint, and metals. The nanocoating visibly reduces future spots & road grime from sticking.

Available in 64 fl oz. (.5 Gallon) | #301XX

Tile Shield® Sealer & Protectant

Tile Shield is a nano protective pool tile treatment that seals & protects all pool tile & surrounding glass areas. It prevents unsightly calcium stains and scum, extends life and appearance of pool tile, saves time, labor & cleaning pool tile. One application of sealant lasts more than a pool season. Retreatment is recommended annually. It's perfect for the Pros or DIYers.

Available in 32oz (946mL) | #45220

Read what our customers have to say!

“We have tested many “easy clean” glass coatings for application on the shower doors we manufacture. Unelko’s Invisible Shield Coatings are reliable, the best performing, easiest to apply and most competitively priced glass coating on the market. We value Unelko as a partner with great integrity and passion for protective Nano Scale Technologies.”

J. Pearson, Commercial Director of Roman Shower Doors, United Kingdom

“The internal testing and substantial field testing of Invisible Shield PRO 15 Coating on glass was overwhelmingly positive. We are moving forward with a “private label” glass coating program with Unelko”.

Sarra Daouadji Category Manager of Saint Gobain/Sekurit France

“We have been servicing the glass industry for over 40 years globally. We represent global manufacturers of architectural glass & tile. Unelko’s Invisible Shield glass coatings are at the cutting edge. Their products protective benefits, repellency, durability, performance, and scratch resistance properties exceed all other coatings, and has helped us earn the trust of some of the most prominent names in the glass industry.”

Mark Evitt, Managing Director of APQ Australia

“We have harsh weather conditions, including winds that blow up to 100 miles per hour, and can be tough on the Willis Tower’s glass. “More than average dirt, grime, debris and pollution is thrown at our windows daily. The Invisible Shield protected glass stays so much cleaner and has saved our cleaning team more than 40% in time and labor, requiring much less extensive re-cleaning”. Thanks for your work with Willis Tower.”

Anita Vigil, Director of Operations of Sears/Willis Tower in Chicago

“The Invisible Shield products are phenomenal. We use the IS product on glass almost daily for glass treatment. In today’s business climate, we need products that help us function efficiently and deliver quality glass and cleaning performance to our customers. The Invisible Shield Glass Coating fulfills those needs.”

Peter Justo, Owner of Enviromaster in Princeton, New Jersey

“What convinced us to work directly with Unelko over other coating manufacturers was the proven greatness and wide range of the products they have developed. Invisible Shield PRO 15 Glass Coating performance exceeds any other coating that we have tested. If you want to be the best, you must work with those who are the best in the market. We believe Unelko is a leader in Advanced Surface Care. They care about their fabricators/processors, distributors and end use customers. Their great-performing products keep the end use customer very satisfied.”

Piotr Plata, owner of Krysztal Glass

“We have expanded significantly with hundreds of ongoing projects, and we are targeting major government contracts. We have continuously recognized the reliability and performance of Unelko’s coating products, which have played a vital role in our growth and reputation.”
